As the top distributor of high-quality and cost-effective brands, we boast efficient distribution channels and round-the-clock support from experienced technicians. Our unwavering commitment to excellence ensures clients receive unparalleled superior products and services.

# OUR MISSION

---

To create access to cutting edge technological-solutions in Sierra Leone by delivering unparalleled services to our clients.

# OUR VISION

---

Transforming Sierra Leone's future through technological solutions, creating sustainable and safe environments for communities to thrive

# OUR VALUES

---

**Mission-Driven:** Committed to sustainable solar energy solutions.

**Unity:** Promoting teamwork and collective success.

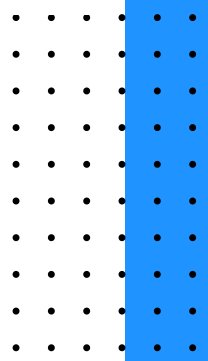

**Leadership:** Pioneering advancements in technology.

**Transparency:** Ensuring open communication and accountability.

**Inclusivity:** Bringing in diverse perspectives to fuel our collective success

**Technology:** Leveraging cutting-edge technology for superior results.

# WHAT WE DO

We provide multiple-tier solar solutions to commercial, residential, and mini-grid projects by installing customized powered systems.

We are the leading automation providers in the Sierra Leone market as official distributors and installers of Somfy products. We provide optimized automation solutions that increases efficiency, convenience and comfort.

We provide protection against security threats through advanced surveillance technology systems ensuring our clients have a watchful eye over their assets and properties day and night.

We offer consultation and round the clock after-sales maintenance services to ensure maximum customer satisfaction

# Deliverables

MultiTech Africa SL Ltd has been operational for over 9 years, providing excellence through its products and services. We guarantee optimal performance by managing seamless installations from start to finish of each project. Our range of services includes consultation, complete system installation, as well as after-sales maintenance and support services.

**9+** Years of operation

**40** Employees

**500+** Installations

# 1. Solar Solution

At MultiTech Africa SL LTD, we specialize in providing effective and efficient solar energy solutions tailored to meet your specific needs.

- Solar installation begins with a thorough assessment of the property's suitability for harnessing solar energy. This includes examining the size, orientation, and condition of the site.
- The system is then designed and presented to the client for approval. We design custom solar systems using high-quality inverters, batteries, and solar panels.
- Installation is then conducted in a timely and efficient manner followed by a final inspection to ensure the system meets safety and performance standards
- Ongoing monitoring and maintenance are guaranteed after sales for optimal performance and longevity of the system allowing all clients to enjoy the benefits of clean, renewable energy

## 2. Automation

Experience the convenience and efficiency of our home automation solutions, designed to enhance your lifestyle.

Our systems are carefully crafted to automate various aspects of your home, from lighting and access control to security and entertainment.

With MultiTech Africa SL LTD, you can enjoy the benefits of a smart home that adapts to your needs and preferences, providing you with comfort, convenience, and peace of mind.

## 3. Surveillance solutions

Discover the peace of mind and confidence provided by our IP Cameras and NVR solutions, tailored to safeguard your property and loved ones. Our advanced systems are meticulously engineered to monitor and protect your surroundings, offering comprehensive coverage and real-time monitoring capabilities.

With MultiTech Africa SL LTD, you can trust in the reliability and effectiveness of our Surveillance solutions, ensuring that your home or business remains safe and secure at all times.

# CUSTOMER TESTIMONIALS

"We have been working with MultiTech on solar solution for our head office and some of our Telecom tower sites, they delivered and installed recommended solar solutions and have been responsive to urgent matters.

The company have showed high criteria and experience in solar solution and solar installation which has given the company a reliable name. Therefore, we don't hesitate to recommend MultiTech Africa SL LTD."

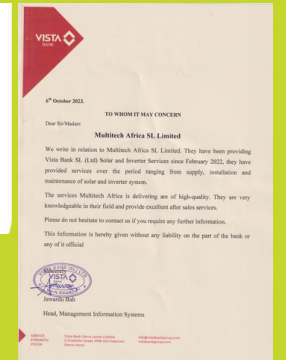

- AFRICELL

"We have been working with MultiTech on solar solution for our head office and some of our Telecom tower sites, they delivered and installed recommended solar solutions and have been responsive to urgent matters.

The company have showed high criteria and experience in solar solution and solar installation which has given the company a reliable name. Therefore, we don't hesitate to recommend MultiTech Africa SL LTD."

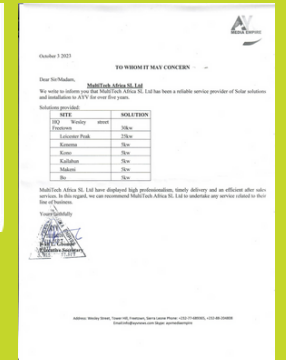

- VISTA BANK

"We are writing to inform you that Multitech Africa has been our reliable solar solutions and installation provider at AYV for over 5 years. They have supplied us with various solutions, for various locations (Freetown 30kW, Lester Peak 25kW, Kenema 5kW, Kono 5kW, Kailahun 5kW, Makeni 5kW, Bo 5kW).

Multitech Africa has consistently demonstrated high professionalism, timely delivery, and efficient after-sales services. Based on our experience, we confidently recommend Multitech Africa for any services related to their line of business."

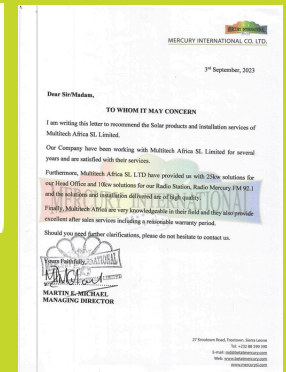

AYV TV

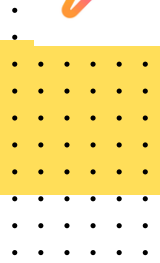

"I am writing to recommend the solar product and installation services of Multitech Africa. Our company has worked with Multitech Africa Limited for several years and are satisfied with their services.

They provided us with a 25kW solution for our head office and a 10kW solution for our radio station, 92.1 FM. The solutions and installations were of high quality. Multitech Africa is knowledgeable in their field and provides excellent after-sales service, including reasonable warranty terms."
